Current Acceptable Calculators for AC and Complex Numbers:

TI 85

TI86

TI89(not acceptable to the Math Dept)

Sharp EL506WB-BK sold in the bookstore \$16

Casio Fx 115ES & FX 115MS

Casio Fx 9750 XX(XX-could be various model #'s)(Not acceptable to the Math Dept)

Be careful buying a calculator that claims to be able to complex number calculations, not all of them do complex number calculations as easily as the ones above do.
